

FLOORCARE SOLUTIONS

Specialized cleaning solutions
for every aspect of clean

NILFISK

Vacuum cleaners

AERO 21

Taking compact wet & dry vacuum cleaners to a new level of productivity

ATTIX 30

Superior suction power in a compact and flexible solution

ATTIX 961

Two-motor driven industrial wet & dry vacuum cleaners for the toughest applications. Can be used along with high reach kit

VL500 series

The future of wet & dry pick-up for multi-applications

GD 5/10/FLY

User-friendly backpack vacuum cleaner

GD 5 Battery

Backpack vacuum that requires no electrical connections

GM 80P

Rigid construction for small vacuum cleaning jobs with HEPA & ULPA filtrations

VP300/VP400 series

Mix simple with powerful and add convenience — and there you have it: a new formula for simplicity

VP930/GD930

A famous and well-known workhorse — efficient and durable for large area cleaning

Technical specifications

	Rated power (W)	Suction power (W)	Airflow (l/sec)	Sound pressure level (dB(A))	Tank capacity (L)	Dust bag capacity (L)	Main filter area (cm)	Weight (kg)

Industrial vacuum cleaners

T22

Tailored for metal production

T40W

4 kW, great airflow and with InfiniClean, for endless filtration

T30/40

The industrial vacuum designed to exceed the needs of manufacturing companies

VHW210

Nilfisk presents the Line of industrial vacuums for pharma, food and OEMs

VHW420

Nilfisk presents the Line of industrial vacuums for pharma, food and OEMs

VHO200

A powerful vacuum for liquids with diverting valve for an easy and fast container discharge

3907

Endless power for endless possibilities

ECO OIL

The most performant tool for the metal industry

VHS110

More power. More safety. In only 400 mm diameter

VHS120

The VHS120 is the ideal vacuum cleaner when there is need of high performances in compact dimensions for collecting any type of waste material

Technical specifications

	Dust class	Rated power (W)	Airflow (l/sec.)	Vacuum working max. (kPa)	Sound level IEC 704 (dB(A))	Main filter area (cm²)	Container capacity (kg)

Industrial vacuum cleaners

VHS210
Next-level power, filtration, and safety

VHB120
Spotless cleaning, easy to operate, and all-battery-powered IVAC

Mini industrial vacuum cleaners

VHS010
Expect compact and lightweight – small but mighty

VHS011
All the power, safety, and durability you find in our larger vacs, only with a smaller, more flexible footprint

Technical specifications

	Battery run time (min)	Battery charge time (min)	Voltage (V)	Frequency	Insulation class	Rated power (kW)	Max airflow (m³/h)	Container capacity (L)	Weight (kg)

VHS011	–	–	230	50	I	0.95	3446-208	18	21

Combination machines

CS7020
First Hybrid and ePower driven combi machines with optional Lithium Ion battery

Technical specifications

	Motor power source	Solution/recovery tank (L)	Sound level IEC60335-2-72 (dB(A))	Shipping weight (kg)	Scrubbing path and brushes (cm)	Productivity rate actual (m²/h)	Squeegee width (cm)	Length x width x height (mm)
CS7020	Batt: Li-Ion 38.6V/608A	284	72	2,343	124.5 – 3 x 43 disc	Up to 13,600	154	262x122x150

Scrubber dryers

SC100
Upright scrubber dryer is the master of small space cleaning

SC250
Scrubbing, sweeping and drying in every corner

SC351
Allows both scrubbing and drying backwards and forwards

SC430
Simple and user friendly walk-behind scrubber dryer

SC450
Simple, basic scrubber/ dryer that makes cleaning an easy operation

SC530
Simple, trustworthy and cost effective scrubber dryer

SC550
Intuitive, adaptable walk-behind scrubber dryer

SC4000
The agile answer for dynamic cleaning challenges

BR755
Better ergonomics, better reliability, better cleaning

SC6000
Efficient large area cleaning

Technical specifications

	Rated power (W)	Scrubbing width (mm)	Brush/pad diameter (mm)	Brush pressure (kg)	Solution/ recovery tank (L)	Productivity rate actual (m²/h)	Length x width x height (mm)	Gross weight (kg)

Carpet cleaners

VU500

Exceptional cleaning performance for medium and low cut piles

GU 700A

Heavy-duty upright vacuum cleaner for maximum productivity

Technical specifications

	Rated power (W)	Suction power (W)	Airflow (l/sec)	Sound pressure level (dB(A))	Tank capacity (L)	Dust bag capacity (L)	Main filter area (cm)	Weight (kg)
VU500	810	130	27	62	–	3.5	2400	8.0/8.5
GU 700A	2250	–	52	68	35	35	–	51

Sweepers

SW 750

Quiet and easy cleaning

SW5500

The real Industrial Hybrid powered sweeper in the industry

SR 1601

The most technically advanced sweeper in its category

Technical specifications

	Motor power source	Productivity rate theoretical (m²/h)	Working width w/right s/brush	Working width w/2 s/brush (mm)	Hopper volume (L)	Max. dumping height (cm)	Length x width x height (mm)	Main filter area (m²)
SW750	Batt. 12V	2880	720	–	60	Manual	990x800x620	1

DEN-SIN ultra high pressure washers

C150
 The high pressure cleaner is used for daily cleaning of machinery, vehicles and buildings. Removes stubborn dirt, stains and other debris stuck to multiple surfaces.

C200
 The high pressure cleaner is used for daily cleaning of machinery, vehicles and buildings. Removes stubborn dirt, stains and other debris stuck to multiple surfaces

C250E
 The high pressure cleaner is used for daily cleaning of machinery, vehicles and buildings. Removes stubborn dirt, stains and other debris stuck to multiple surfaces

Merlion MC9
 Heavy duty cold HPW for agile cleaning in tight spaces

Mermaid MC10
 Mobile HPW for extreme cleaning

Technical specifications

	Pressure bar (bar/MPa)	Cleaning impact (kg/force)	Pump (RPM)	Power consumption (kW)	Water flow (l/h)	Max water temp (°C)	Weight (kg)
